From Sunday's Sermon with Vince Curtis...

God is asking us to go back to our roots with the ten commandments. A good architect always makes sure that we always have a good foundation. We are at a pivotal time in American History. We as Christians need to wake up. What is your foundation? Our foundation should be Jesus Christ. There has been a shifting in the United States. We are in the end times. We are at a crossroads. Jesus is the way, the truth and the life. We must trust Him. Trust Him in the bad times. God says do not look to your left or right, look straight ahead to me. We have to find the way during these crossroads. Pray that we have God in our leadership for this country.
