From the Desk of Pastor Dave: Passover

Passover is one of the most important Jewish holidays of the year. It is a time to remember what God has done in liberating the Jewish people – affirming, consecrating, and preserving them as His own people.

Passover is a time for retelling the story of Passover and God’s rescue of His people from slavery in Egypt. For Messianic Jews, it is also a time of remembering this holy day in Messiah Yeshua’s (Jesus’) death and resurrection. Identifying the symbolism and ways in which Passover points to Yeshua will infuse your Passover with rich meaning – whether you are a Messianic Jew or a Gentile.

When we retell the story of Passover, the following points are highlighted and emphasized...

- Slavery – Restricted by their captivity, the Jewish people were owned by Pharaoh, subject to his will and suffering deeply because of their slavery to him
- Miracles – God caused astounding, supernatural events to occur in the process of saving His people. These miracles exhibited the power of God as greater than that of Pharaoh, and they testified that He is the one true God.
- Sacrifice – The Passover lamb was sacrificed so that its blood, spread on the doorpost and lintel of each Jewish home, provided the covering required to escape the death of all the firstborn in Egypt. Because of the blood of the lamb, Jewish

people in Egypt were saved from death. Delivered and set free – given life in the face of death, the Hebrews were set free from their bondage to Egypt and were freed to walk out of the land that had mastered them for so long.

Each of these aspects of Passover bears New Covenant meaning and parallel. Messianic Jews remember at Passover what Yeshua did for all of us through His death and resurrection that gave us freedom from captivity to sin that is even more powerful than that of the terrible captivity that the Israelites experienced under Pharaoh.

We were slaves to sin, unable to please God or meet His standard of righteousness. We could not have fellowship with Him because of our sin.

- Ministry of Miracles – Yeshua did countless miracles during His ministry on earth. They testify that Yeshua has both the power and authority to defeat sin and deliver us from its reign over us.

Sacrifice – Yeshua’s blood was brought into the heavenly Holy of Holies to make atonement for our sin once and for all. His death offered us His redemption. Through His shed blood, we have redemption from our sin. His life, given for us, brings us out of death and into life in Him. Given life in Messiah, we are set

free from the bondage to sin and freed to walk in newness of life and fellowship with God (Romans 6:4). “If God had not brought us out, we would still be slaves.”

The apostle Paul identified Yeshua as our Passover Lamb (1 Corinthians 5:7), and He is the fulfillment of the meaning of Passover. Retelling the account of Yeshua’s sacrificial death and resurrection highlights how Passover is a shadow of God’s ultimate plan of salvation for all humankind through Messiah Yeshua. At Jesus’ Last Supper, He declared that He had earnestly desired to eat that Passover meal with His disciples (Luke 22:15). Therefore, Messianic Jews often add the New Covenant practice of Communion during their Passover meal.

But now in Messiah Yeshua, you who once were far off have been brought near by the blood of the Messiah. -Ephesians 2: 13 TLV
