## Let's Walk by Faith!

I want to thank Mary Lynn, Vince and Deidre along with Todd for making sure that Sunday's service was well looked After. Of course our Sunday morning experience wouldn't be complete without the excellent service that Mabel Moore provides with our Covenant Café! It's nice to know that NCC is in very good hands when we are away. We had a great time in North Georgia and South Carolina over the weekend. The wedding that I officiated was beautiful. You can find the photos posted on my Facebook page.

Smith Wiggelsworth was once asked the question what is faith? Here's his answer... *"What is faith? "It is the very nature of God. Faith is the Word of God. It is the personal inward flow of divine favor, which moves in every fiber of our being until our whole nature is so quickened that we live by faith, we move by faith, and we are going to be caught up to glory by faith, for "Faith is the Victory!" Faith is the glorious knowledge of a personal presence within you, changing you from strength to strength, from glory to glory, until you get to the place where you walk with God, and God thinks and speaks through you by the power of the Holy Ghost. Oh, it is grand, it is glorious!"*

Faith is something that we all need as Christians. We must have faith if we are going to walk in the supernatural ways of Holy Spirit. Faith in Jesus Christ and his Word (the Bible) is what enables us to go from ordinary to extraordinary. Supernatural faith comes from Holy Spirit. It stands to reason then if you have received faith that empowered you to believe in God's grace to save you from sins, make you a child of God and secure you an eternal home in Heaven, there are *no limits* to what this faith can produce in your life *today*. As believers, we build our faith. We

exercise our faith. We then walk by faith. We must understand the parameters of what this faith can produce. But I do not believe we can get *more* faith. This perspective keeps us running around on a proverbial hamster wheel, constantly begging God to give us something that we already have. It's not a matter of crying out to heaven for more faith; it's stepping out and learning to steward the faith we already have. That is the essence of *Breakthrough Faith*.

From Genesis to Revelation, the Bible makes it undeniable that Almighty God is able to do anything. He is able to create the universe out of nothing. Likewise, He is able to heal our sick bodies, raise the dead to life, deliver the tormented and perform miracles. Many of us don't question God's ability; still, some struggle with His willingness.

Faith is not about plugging in a formula; it is a lifestyle of imitating God and seeing the character of Jesus accurately represented through His people in the Earth. When you bring the kingdom of God into impossible situations—through healing, deliverance, signs, wonders, miracles, etc.—you are representing a superior reality called Heaven and you are giving expression to what the King and His Kingdom look like. Let's walk by faith and expect God to move in our lives and in the lives of those around us! He's given us His power and authority to exercise it.
