"Stewardship" Life Group with

Pastor Dave in Room 8

Youth Group with Pastor Alli

*Nursery & Children's Ministry is provided!*

**Join  
us!**

## Baby Bottle Drop-off

If you picked up a baby bottle on  
Mothers Day to fill with your pocket  
change, we are still accepting them.

Feel free to bring them by this  
Sunday or drop them off at the  
office this week.

You created my inmost being;  
You knit me together in my mother's  
womb.  
I praise you because I am fearfully  
and wonderfully made.

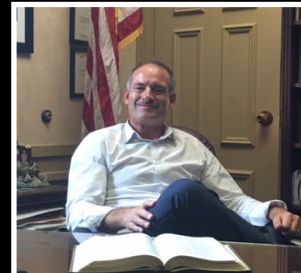

*Psalms 139:13-14*

# From the Desk of Pastor Dave

## Let's Celebrate Life

I recently stated on my Facebook page that I am humbled to pastor a pro-life church. In this day and age where right has now been considered wrong, and wrong right, we must take a bold stand for truth and righteousness. The Bible must continue to be our standard and we must resist the urge to cherry pick our way through the Scriptures, only agreeing with the passages that we're comfortable with.

There's compromise in the Body of Christ, and sadly, it appears that the divide in the Church in America is only getting deeper and wider between Christians that are sold out to Jesus Christ and the Word of God and those who are not. Abortion has been a polarizing issue since the Supreme Court first ruled in *Roe vs. Wade* back in 1973.

Why should this issue matter to us? 1) The Bible makes it clear that God is the giver of life. Scripture says that one of the things that God hates is "hands that shed innocent blood" (Proverbs 6:17). Look at **Genesis 1:27** ... *"So God created mankind in his own image, in the image of God he created them; male and female he created them."* We are God's creations made in his image. This gives us inherent and incomparable value. 2) If a society fails to recognize that human life is sacred and has value,

that society will fail to protect the most vulnerable people. Unborn babies aren't the only ones at risk. Babies born with birth defects can be denied basic life saving measures including food and nutrition (infanticide). Then there's the elderly.

Planned Parenthood is a government funded agency that has been responsible for the majority of babies killed by abortion in the United States. It's interesting that the founder of Planned Parenthood (Margaret Sanger) was a woman who's heart was filled with hatred and racism towards the Black community. Did you know that she was a proud "supporter of Adolf Hitler's Nazi party, and a believer in eugenics? Eugenics is the purification of a particular race of people by selective breeding. Her magazines and journals were filled with writings and articles by well-known eugenicists and members of Hitler's Third Reich".<sup>1</sup>

We have a responsibility to stand up for the most defenseless and vulnerable. One of the arguments that abortion supporters use is that the unborn are only fetuses, or globs of tissue that don't hold the same value and worth that a born baby does. In some states, abortions can now be performed through the last tri-mester! Abortion stops the child's beating heart thereby ending the life of that child. It's interesting to see the beauty of God's handiwork with the images provided through an ultrasound. Delicate fetal surgical procedures are done on babies with life threatening issues while still in the womb.

Let's celebrate the recent Supreme Court victory of overturning *Rowe*. Let's also pray for our Supreme Court Justices that all 9 of them will become defenders of life, our Judeo Christian heritage, and the Bible which our nation was founded on. Let's support and pray for our local Pregnancy Center—1st Option Care. Let's do our part to see life protected. Feel free to check out the link to learn more about who Margaret Sanger was... <https://www.ewtn.com/catholicism/library/who-was-margaret-sanger-12137>
